

Jeffrey Summers

Developer

Competent and highly motivated developer looking for a rewarding career in information technology. Strong background JavaScript, HTML, CSS and PHP. Highly focused with a comprehensive knowledge of designing and developing the layout, visual appearance and functionality of an application. Possessing a proven track record of successfully completing projects from the concept through to design, testing and handover. Seeking a position that will fully utilize my organizational, design and problem solving skills in a team environment. I have a good team spirit, great attention to detail and a willingness to work hard and learn new technologies.

SKILLS

Programming: JavaScript, HTML5, TypeScript, JSON, PHP, MySQL, Java, C#, Python

Software/Frameworks : Git, MongoDB, React, Redux, Angular, Node, AJAX, JQuery, CSS3, SASS, Bootstrap

IDE: Visual Studio, Android Studio, Cordova, Xamarin, ASP.net, Eclipse

Technical: OOP, Developer tools, MVC, RESTful web services, SEO, Testing and Debugging, Database Design, Application Development, Mobile Responsive, Agile, Scrum

Personal: Always positive, regardless of the challenge ahead. Willingness to work with emerging alternative technologies.

Developing professional relationships with customers. Excellent communication and personal-interaction skills. Can work in fast-paced environment while maintaining attention to detail. Willingness to take ownership of projects and see them through to completion. Communicating ideas clearly to both technical and non-technical audiences.
